How to fill position 10× faster and with best matches?

With minimum effort by using JOBSIDER.ai

JOBSIDER is an AI Pre-screening Tool

Qualified chat interview based on job requirements

- **Eliminates ineffective** pre-screening **calls**
- **50 % chat interviews are OFF working hours**
- Converts passive applicants into **active candidates**

- **Screens** an unlimited number of candidates **at a time convenient to them**
- Takes **useful information beyond the CV** (salary expectations, possibility of starting a job, suitable time to approach)

Why is AI Pre-screening the game changer in HR?

- **Maximises ROI** in advertising on job portals
- **Saves 86 % of time spent** on phone calls
- **Delivers an exceptional user experience** for candidates
- **Triples** engagement to participate in face-to-face interviews

- Responds with **fast reaction 24/7**
- Strengthens positive **perception of your brand**
- Increased motivation helps **to fill position 10× faster** and with best matches
- Extends interview opportunities to **candidates without CVS**
